Honorable Board of Commissioners  
Community Development Commission of the  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Commissioners:

**APPROVE COMMUNITY DEVELOPMENT BLOCK GRANT REIMBURSABLE  
CONTRACT AMENDMENTS FOR THE CITIES OF BEVERLY HILLS, TEMPLE CITY,  
MONROVIA, BELL, AND SAN DIMAS (Districts 1,3,5) (3 Vote)**

**SUBJECT:**

This letter recommends approval of Community Development Block Grant (CDBG) Reimbursable Contract Amendments to reduce CDBG funding to the Cities of Beverly Hills and Temple City by \$166,100 and \$25,000, respectively, and to increase CDBG funding to Cities of Monrovia, Bell, and San Dimas by \$68,990, \$68,000, and \$35,000, respectively.

**IT IS RECOMMENDED THAT YOUR BOARD:**

1. Find that approval of CDBG Reimbursable Contract Amendments with the Cities of Beverly Hills, Temple City, Monrovia, Bell, and San Dimas is not subject to the provisions of the California Environmental Quality Act (CEQA), as described herein, because the activities are not defined as a project under CEQA.
2. Approve Amendment No. 4 to CDBG Reimbursable Contract No. 70716 between the County of Los Angeles and the City of Beverly Hills, presented in substantially final form, to remove \$166,100 in previously allocated CDBG funds, thereby reducing the amount allocated to the City of Beverly Hills from \$716,115 to \$550,015.

3. Approve Amendment No. 4 to CDBG Reimbursable Contract No. 70753 between the County of Los Angeles and the City of Temple City, presented in substantially final form, to remove \$25,000 in previously allocated CDBG funds, thereby reducing the amount allocated to the City of Temple City from \$571,663 to 546,663.
4. Approve Amendment No. 3 to CDBG Reimbursable Contract No. 70740 between the County of Los Angeles and the City of Monrovia, presented in substantially final form, to add \$68,990 in CDBG funds thereby increasing the amount of CDBG funds allocated to the City of Monrovia from \$1,145,928 to \$1,214,918.
5. Approve Amendment No. 3 to CDBG Reimbursable Contract No. 70714 between the County of Los Angeles and the City of Bell, presented in substantially final form, to add \$68,000 in CDBG funds, thereby increasing the amount of CDBG funds allocated to the City of Bell from \$2,050,038 to \$2,118,038.
6. Approve Amendment No. 3 to CDBG Reimbursable Contract No. 70744 between the County of Los Angeles and the City of San Dimas, presented in substantially final form, to add \$35,000 in CDBG funds, thereby increasing the amount of CDBG funds allocated to the City of San Dimas from \$635,472 to \$670,472.
7. Instruct the Acting Executive Director of the Community Development Commission (Commission) to execute the necessary CDBG Reimbursable Contract Amendments for the cities of Beverly Hills, Temple City, Monrovia, Bell, and San Dimas, and all necessary non-monetary amendments thereto, on behalf of the County of Los Angeles, following approval as to form by County Counsel.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION:**

The Commission conducted appeal hearings in May 2008 for the cities of Beverly Hills and Temple City, who had failed to meet the drawdown requirement for Fiscal Year (FY) 2007-2008, as described in further detail below. The appeals panel decided the cities of Beverly Hills and Temple City did not provide sufficient justification for failing to meet their drawdown requirement; and therefore, the appeals panel decided to withdraw a portion of these cities' CDBG funding.

In September 2008, the Commission conducted a selection process to distribute the funds recaptured from the cities of Beverly Hills and Temple City to other participating cities. Based upon a review of proposals, the Cities of Bell, Monrovia, and San Dimas were awarded funds for CDBG eligible ongoing projects that can expend the funds by June 30, 2009. To implement the fund transfers, the Board needs to approve Reimbursable Contract Amendments with Beverly Hills and Temple City to reduce their funding; and with Bell, Monrovia, and San Dimas to increase their funding.

**FISCAL IMPACT/FINANCING:**

There is no impact on the County general fund. The Commission will recapture \$166,100 from the City of Beverly Hills and \$25,000 from the City of Temple City, for a total of \$191,100. The Commission will award a total of \$171,990 to the Cities of Monrovia, Bell, and San Dimas. The balance of \$19,110 will be retained as an administrative fee.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS:**

U.S. Department of Housing and Urban Development (HUD) regulations require that grantees have a balance of no more than 150% of their annual CDBG allocation unused by April 30<sup>th</sup> of each year (the "drawdown requirement"). If grantees fail to meet this requirement, their allocations can be reduced ("recapture") by the amount exceeding 150% of their annual allocation. In March 2003, the Commission implemented a policy imposing this drawdown requirement and recapture penalty on participating cities.

Cities in danger of not meeting the drawdown requirement are notified twice before the deadline of March 31<sup>st</sup> of each year. If cities are still not in compliance by that date, they are notified that the amount by which they exceed their drawdown requirement will be recaptured.

Cities are afforded an opportunity to meet with a panel of Commission staff and a representative from another participating city to explain their failure to meet the drawdown requirement. The grounds for appeals are the extent to which circumstances beyond the city's control contributed to the failure to meet the requirement. After the hearings, the panel considers statements by city representatives, Commission performance reports, and any other relevant documentation. If a city is found to have failed to meet its drawdown requirement even though there were no circumstances beyond the city's control, the panel may decide to recapture all or part of the amount exceeding the drawdown requirement.

Funds that are recaptured are placed in a separate pool. A request is then sent to other participating cities to propose projects to utilize the recaptured funds. These may be existing or new projects. Priority is given to projects that reduce waiting lists or expand existing services and that expend the funds by June 30, 2009.

In May 2008, the Commission conducted the appeal hearings for cities that failed to meet their drawdown for Fiscal Year 2007-08. The appeals panel recaptured \$166,100 from the City of Beverly Hills and \$25,000 from the City of Temple City, for a total of \$191,100. It was determined that neither city identified exigent circumstances which caused them to fail to meet their drawdown requirement.

In September 2008, the Commission conducted a proposal process and received four proposals. Proposals were reviewed by Commission staff, and \$171,990 was awarded to the Cities of Monrovia, Bell, and San Dimas. Monrovia received \$68,990 for its Residential Preservation Grant project; Bell received \$68,000 for its Code Enforcement project; and San Dimas received \$35,000 for its Single Family Rehabilitation project. The balance of \$19,110 was retained as an administrative fee. A fourth proposal, from the City of Bell Gardens, was not accepted for several reasons: it proposed the construction of a parking lot for which all of the funding had not been identified; the project was unlikely to be completed by June 30, 2009; and the proposal requested all of the available funding. Commission staff determined that more persons would benefit by funding the other projects.

The attached standard CDBG Reimbursable Contract Amendments implementing these changes are presented in substantially final form, and will be effective following approval as to form by County Counsel and execution by all the parties.

#### **ENVIRONMENTAL DOCUMENTATION:**

This action is exempt from the provisions of the National Environmental Policy Act pursuant to 24 Code of Federal Regulations, Part 58, Section 58.34 (a)(3) because it involves administrative activities that will not have a physical impact on or result in any physical changes to the environment. These activities are not subject to the provisions of CEQA pursuant to State CEQA Guidelines 15060(c)(3) and 15378, because they are not defined as a project under CEQA and do not have the potential for causing a significant effect on the environment.

**IMPACT ON CURRENT PROGRAM:**

The amendments allow the CDBG funds to be spent in a timely manner.
